Subject: Meeting Request: Flushing Bay, Flushing River & Willets Point

Hi Walter,

My name is Anthony Ng, and I am a board member with the Jackson Heights Green Alliance. Judith Enck asked me to contact you to arrange a meeting on the recent petition to assess hazardous waste threats in Flushing Bay, Flushing River and Willets Point. I saw Judith at the Go Green conference last Thursday, and requested this meeting at that time.

I know you met with the Fairness Coalition of Queens about this petition a few months ago. We are requesting this meeting as an opportunity to directly discuss the petition with Regional Administrator Enck. The meeting attendees would include:

- Myself
- Jason Munshi-South (the petitioner)
- Javier Valdes, Co-Executive Director, Make the Road New York
- Will Sweeney, Jackson Heights Green Alliance
- Donovan Finn, Visiting Assistant Professor, Stony Brook University

Friday mornings are good times for us to meet. But we are flexible and can meet with Administrator Enck when it's most convenient for her, and will travel to your office.

Thank you, and I look forward to your reply!

Best regards,

Anthony
